## 2009 Pinot Gris

**Style:** sixfootsix Pinot Gris is about the fruit, little more, nothing less. A bright, fresh and juicy wine, it offers the finesse and restraint of Old World style while defining the depth of flavour possible from cool climate pinot gris. Inviting and persuasive, this eminently drinkable wine is best enjoyed while young and fresh.

**Appearance:** Bright, light gold with a flash of brass.

**Aroma:** A vibrant, varietal perfume saturates the senses with elegant pear, honeysuckle and lime in an alluring cocktail of aromas; all this in true pinot gris fashion, vivacious and irresistible.

**Palate:** All this continues on the palate where a zesty, mineral acidity details the varietal characters and balances the richness. The pear, citrus and honeysuckle flavours are supported by a light texture on the mid-palate in an appealing and satisfying style.

As is the case with fine wine, all facets of this pinot gris persist on the aftertaste.

**Comment:** The taste of summer in a quality example of the pinot gris that sits easily with seafood, summer salads and Asian cuisine.
